

**Travis Crosby, G.P.**

*Principal / Senior Geophysicist*

**Education**

Master of Science, Geophysics (2003 – 2006)  
University of Utah Salt Lake City, Utah

Bachelor of Science, Geology (1997 – 2003)  
University of Utah Salt Lake City, Utah

Bachelor of Science, Nutritional Science (1993 – 1997)  
Brigham Young University Provo, Utah

Associate of Science, Applied Science (1992 – 1993)  
Utah Valley State College Orem, Utah

**Registrations and Certifications**

- State of California Registered Geophysicist #1044.
- OSHA Hazardous Material Operations and Emergency Response, 40-hour training with yearly updates.
- API Work Safe
- Shell Safe Work, 12 Life Saving Rules
- Loss Prevention System (LPS).
- Refinery Safety Overview (RSO)
- BNSF Railway, E-Railsafe Systems Badge
- American Red Cross Emergency Response and Professional Rescuer CPR/AED
- Special Functions Reserve Officer (250 hours) and Law Enforcement Officer (390 hours)  
2005 – 2006 Utah State Police Academy (POST) Salt Lake City, Utah

**Professional Experience**

Travis has over 20 years of experience in the field of geophysics. Since 2004, Travis has assumed the role of Senior Geophysicist and is a managing Principal at SubSurface Surveys & Associates, Inc. Travis is a California registered geophysicist. Travis has extensive experience with geophysical techniques such as vibration and blast Monitoring, seismic surveys, electromagnetic and ground penetrating radar surveys. He is responsible for survey design, data acquisition, interpretation and computer modeling for engineering and environmental projects.

Ross Ice Shelf, Antarctica- Antarctic Drilling Program (ANDRILL)

*Consulting Geophysicist*

Vertical seismic profiling of the MIS exploratory well.

Tooele, Utah- US Bureau of Land Management, Salt Lake Field Office

*Consulting Geophysicist, Project Manager*

Seismic and VLF fault detection and characterization.

Sinai, Egypt- Cairo University

*Consulting Geophysicist*

Seismic tomographic imaging of faults and associated mineralized zones.
